BRIEF OVERVIEW:

After four successful years, from 2014-17, INZBC is again bringing global leaders together under one roof at the INZBC Summit 2018. The focus of the Summit this year will be on **Tourism, Aviation & Technology**.

The objective of the Summit is to provide a forum to bring together policy and business leaders from New Zealand and India to explore collaboration in Tourism and Aviation and to showcase New Zealand technology and expertise in these sectors. The summit would allow New Zealand and India to demonstrate their credentials in the above-mentioned sectors, for more bilateral trade.

WHY ATTEND?

- Industry stalwarts from India & New Zealand to be speaking
- International platform to interact and network with senior government officials and International delegations
- Meet with the top leaders in the industry and hear from them, on their perspectives
- Forge partnerships, build business opportunities and assist in the exchange of technology
- Meet industry leaders from NZ and India and start business discussions
- Opportunity to raise customer awareness, meet new and existing clients, create branding
- A platform to introduce new products and technology

WHO SHOULD ATTEND?

- Chairman and Chief Executives from Aviation, Tourism & Technology sectors
- Finance Directors
- Senior Board Level Executives
- Heads of Legal, Government Relations, and Corporate Affairs
- Business Development and Marketing Executives
- Representatives from Trade Associations

KEY HIGHLIGHTS:

- Like in the past few years, the fifth edition of the annual summit will witness over 300 business leaders from India and New Zealand
- Four sessions with speakers on select topics
- Panel discussion and Q&A after the presentations
- Networking opportunities before and after the event
- B2B meetings with Indian companies, for registered delegates. [A day before the event]
- Audience includes Policy makers from the government, industry heads from Aviation & Tourism sector, Technology, etc.
